The following is an examiner's statement of reasons for allowance: The references submitted in the IDS of 06 December 2006 have been reviewed. None of these disclose the subject matter of the claims as allowed in paper no. 20061121, which recite electrode tabs extending from between the fused surfaces of a battery case, and which are folded back and then way from one of the fused surfaces. The IDS of 11 December 2006 is a duplicate of the IDS of 06 December 2006.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
